

Word of Mouth

Berkhamsted Dental Practice Newsletter
Issue 15 December 2015

We would like to wish you all a very merry Christmas and a peaceful New Year. Friday 25 & Monday 28 December are Bank Holidays along with Friday 1 Jan. The practice will be closed on those days. Should the worst happen and you need emergency dental advice over these long weekends please contact the Hertfordshire Out of Hours Dental line on 0300 033 3224.  Berkhamsted Dental Practice will be open 9am – 5pm on most other days over the holiday period, if we aren't there for any reason our answerphone will give details of how to contact John O'Grady. Please phone 01442 865646. 

 Dental Nurse Angela Welch retired earlier this year. Angela has worked with us for many years, indeed she and Claire have worked as a team for 25 years! We shall miss Angie and wish her a long and happy retirement.

 We are delighted to welcome Dental Nurses Monika Kawka & Charlotte Lindsey on to the team along with Receptionist Kerry Lawrence.

 Congratulations to our Endodontist colleague Philip Mitchell who has been promoted to Consultant at Kings College School of Dentistry. Phil runs a specialist endodontic practice and visits Berkhamsted Dental Practice on Thursdays. We refer patients to Phil's practice when they need difficult root fillings such as molar teeth or repeat root canal treatments.

 Congratulations too to Tim Friel who has been promoted to lead Bart's & the Royal London Dental Hospital's new facility at the Stratford Olympic Park. Unfortunately the demands on Tim's time mean he will be leaving us at the end of 2015

You may have noticed we are in the process of refurbishing the practice. We have already re-decorated the waiting room and dentist's surgeries. We will be working our way through the rest of the practice in the coming year so please excuse our appearance if we temporarily look a bit rough around the edges.

 What can we do for you?

Our practice philosophy is to provide high quality affordable dentistry for people of all ages. Our team of dentists and visiting specialists provide general dentistry, specialist children's dentistry, orthodontics, endodontics (root canal fillings) and prosthodontics (replacing missing teeth). This means we can offer everything from a routine examination of your mouth & gums, and simple items like sports guards, aesthetic treatments like braces, tooth-whitening and crowns and veneers to complex treatments requiring input from different specialists. Our team of dentists are supported by dental hygienists Carly, Estelle & Jane and our team of dental nurses & receptionists. We are all here to help give you the smile you deserve and just as importantly to help you keep it looking and feeling great! If you have a concern or question please let us know and we can provide advice, treatment plans and cost estimates of what we can do to help.

Best wishes from John O'Grady, Claire Rogers
& all the team at Berkhamsted Dental Practice
